NFDMA Plan of Action on COVID-19 (Coronavirus)

Dear Members,

As the current outbreak of the Coronavirus Disease (COVID-19) continues to develop, The NFDMA, Inc. recognizes the fluidity of COVID-19 and its impact on the global society at-large. We are very concerned.

We are continuing to currently monitor all news and notices put out by the CDC (Center for Disease Control) and other health care organizations to stay abreast of any updates and changes. As new information is received, appropriate actions will be taken as deemed necessary. We will keep our members afloat of any new information as we receive it.

The Executive Committee along with Public Relations Committee are currently working on protocol plans for its members around the world. Please be advised that the health and safety of our members is very important to us at this time. We Thank-you for your patience and cooperation.

We are fortunate, as of this date, we have not received any report of any members infected with or have symptoms of COVID-19 and we pray that we do not receive any. We ask that everyone please use all necessary precautions and adhere to your local state government mandates.

Our National Office will remain open, and operations will continue until further notice. If you have any questions and/or concerns, please do not hesitate to contact our office.

In Your Service

Carol T. Williams, Ed.D, CFSP, COCP, CFSGM
NFDMA, Inc. Executive Director
